“New Pekin Community Park Playground Restoration”

New Pekin has a beautiful park area with virtually no playground. The equipment we have is outdated and unsafe for our children to play on. It's broken and un-repairable and we want to change that by giving the playground a makeover. Our children deserve a safe and attractive place to play, and our families deserve a place to gather and create happy memories.

Our plan for the playground is to have the first phase completed by August 1, 2010 with the cost of the project being sixty seven thousand ninety five (\$67,095.00) dollars. The attached picture will give you a glimpse of what we are proposing to do. All donations will be put towards the second phase which we hope to complete by June 1, 2011.

I hope we can count on you for support.

We realize economic times are tough but we also know that caring people like you will find funds for the things that matter—like our children and families.

At the completion of our project we will place a bronze plaque at the new playground area with the names of all donors who gave two hundred fifty (\$250.00) dollars or more. We hope your name will be one of those.

New Pekin is a great place to raise our families. We are blessed to live and work in such a peaceful place. I'm hopeful that this project will bring families together with many memories being made now and in the future.

Our children are our future. Help us give these children and the families of this community a place to go where they can make memories right in their own community. We won't have to leave our hometown to find a safe and fun place for our children to play because we will have that place right here.

Donations may be made in cash, check or money order and delivered to New Pekin Town Hall or you can mail them to:

*New Pekin Town Hall

New Pekin, IN 47165*

Together, we can make sure that New Pekin continues to be “a caring community with caring people”.

Yours in community spirit,

Sherry Clem, Clerk-Treasurer
